

# Imaging Competition

Organized by Centre for Reproduction, Development and Growth

## Submission Guidelines

1. The Imaging Competition is open to all members of Centre for Reproduction, Development and Growth “CRDG”, Strategic Research Theme of Development and Reproduction “SRT D & R”, as well as other members of research centres under the Li Ka Shing Faculty of Medicine.
2. Images can also be submitted by PDF, RPG and RA of the member’s research team with signature of their supervisor on the application form.
3. Each participant may submit no more than five (5) images.
4. Content must be scientific-based and the image will be assessed under one of the 4 categories:
  - (a) Confocal microscopy
  - (b) Live microscopy
  - (c) Electron microscopy
  - (d) Visualization & Analysis
5. Image resolution should be as high as possible. Please submit images in .tif format.
6. All Entries must be the fully original and sole creations of the entrants.
7. Images shall be assessed on artistic merit and scientific content by the Selection Committee. One winner and up to 5 merit awards will be selected from each category. The Selection Committee reserves the right to not to select winners in a category or categories should there be too few entries or should no entries meet the standard.
8. Prize - cash prize of HK\$2000 and free imaging hours from the Faculty Core Facility shall be awarded to the winner of each category; cash prize of HK\$500 and free imaging hours from the Faculty Core Facility shall be awarded for merit prize awardees in each category.
9. Submission deadline: 21 November 2014.

Important Note: By entering the Imaging Competition, the participants should be aware that images submitted might be used by the organizers for promotional purposes including posting selected images on the websites and/ or entrants may be invited to put up images for public display. Please do not submit any images that you do not want the public to view e.g. important data in preparation for publication. Also, to avoid infringement of copyright, do not submit

image that has been published or accepted for publication.
