

MMPH6119 Current Topics in Medical Microbiology

Course Coordinator(s):	Dr Raven KH Kok
Tentative Examination Date:	No written examination, students are rated by their oral presentation, and submission of Literature Review

Date	Time	Lecture Topic	Lecturer	Venue *
7 Sep 2022 (Wed)	17:30 – 19:30	i. & ii. Emerging viral infections	Dr Raven Kok	1
14 Sep 2022 (Wed)	17:30 – 19:30	i. & ii. Microbes and diseases	Professor KY Yuen	1
21 Sep 2022 (Wed)	17:30 – 19:30	Cell signaling pathways in virus and host interaction: mechanisms and research methods	Professor HL Chen	1
28 Sep 2022 (Wed)	17:30 – 19:30	Interferons as therapeutic agents for infectious diseases	Dr. Raven Kok	2
5 Oct 2022 (Wed)	17:30 – 19:30	Antiviral Countermeasures	Dr SF Yuan	Zoom
12 Oct 2022 (Wed)	17:30 – 19:30	i. & ii. Antibiotics and resistance	Dr PL Ho	1
19 Oct 2022 (Wed)	17:30 – 19:30	i. Laboratory safety ii. Reservoirs for zoonotic diseases	Professor LLM Poon	1
26 Oct 2022 (Wed)	14:00 – 17:00	Laboratory Visit	Dr KH Chan	3
2 Nov 2022 (Wed)	17:30 – 19:30	i. & ii. Principles of diagnostic microbiology	Dr KKW To	1
9 Nov 2022 (Wed)	14:30 – 17:30	Students Presentations	Dr Raven Kok	1

Venue *

1. QTLT, 2/F, Lecture Theatre, Block T, Queen Mary Hospital
2. Room T-06-35 and T-06-036, 6/F, Block T, Queen Mary Hospital
3. Room T-02-025, Student Laboratory, Block T, Queen Mary Hospital
